Past examples: Planning Neighborhood National Night Out Picnic (held in August each year) or community events (like neighborhood-wide garage sale), bringing in city officials to talk about NET team or Code enforcement, sharing steps for setting up Neighborhood Watch Programs, etc.
- Ideas generated:
- Events
 - Recycle & yard garbage drop off to help clean-up our front yards – offer of help to those who need support cleaning up their front yards
 - Neighborhood garage sale/buy nothing swap
 - Host community day to bring in local businesses (perhaps also as a fundraiser if they shared a percentage of sales with the NA). Maybe food carts during soccer season.
 - Concerns
 - Yards not being maintained (trash or weeds/long grass), impacting the perception of the neighborhood
 - Motorized vehicles in Hollybrook Park and on the Springwater trail
 - People doing cookies with their cars on neighborhood streets
 - Speed on Birdsdale and Eastman Parkway (help with speed study?)
 - Fireworks well before and well past July 4th
 - Camping on the Springwater Trail
 - Off leash dogs in Hollybrook Park (could there be a fenced in area designated as an off leash area?)
- 7:00 PM -> End of formal meeting - New Board exchange contact information
